HEADACHE—SICK & NERVOUS

THOSE who have suffered and are weary of suffering with this distressing complaint, will find Peter's Vegetable Pills a remedy at once certain and immediate in its effects. One single dose of the pills taken as soon as the headache is felt coming, will cure it in an hour entirely.

As a remedy in summer and bowel complaints they display their wonderful powers to admiration, and are far superior to anything in use for those complaints.

In Dyspepsia and Liver complaint they stand unrivalled Many have been cured in a few weeks after having suffered under the dreadful complaint for years

In habitual costiveness they are decidedly superior to any Vegetable Pill ever brought before the public, and one 50c. box will establish their surprising virtues and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypocondriacal affections, loss of appetite and all complaints to which females alone are subject.

They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age, and the feeble, the infirm, the nervous and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health.

Upwards of three hundred and seventy thousand boxes of these inestimable pills have been sold within 12 months in three States alone, and more than three times the same quantity in other States

As an anti-bilious medicine no family should be without them. A single trial of them is more satisfactory than a thousand certificates.

HARRISON'S SPECIFIC OINTMENT

The great celebrity of this unrivalled composition especially in the Northern States—leaves the proprietor but little need to say anything in its favor; for it has been generally conceded to it, that it is, beyond all comparison, the best remedy for external complaints that has ever been discovered. Indeed the speed and certainty of its operations have the appearance of miracles: as ulcers, wounds, corns, fever sores, chilblains, white swellings, biles, piles, spider and snake bites, &c. immediately yield to its superhuman influence. Thus, if properly applied, it will remove an inveterate corn, or break and heal a bile in five days, will allay and perfectly cure an ulcer in two weeks; and the most desperate cases of white swelling that can be imagined have been destroyed by it in less than two months. In the bites of poisonous reptiles its efficacy is truly surprising, and even in the bite of a rabid dog; for if applied in time, its powers of attraction are so wonderful that they will at once arrest the poison, and thus prevent it from pervading the system. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips—and, in short, for every external bodily evil that may fall to the lot of man or beast.

The proprietor has received at least a thousand certificates and other documents, in favor of his "Specific Ointment," upwards of a hundred of which were written by respectable members of the medical faculty.

For sale at very low prices by HAVILAND, CLARKE & CO., and all the principal Druggists, and on enquiry will be found in every town and village in the State.

Please take particular notice, that the name "HARRISON'S SPECIFIC OINTMENT," is a stamp raised in the tin, on the cover of each box.

MAGNIN'S LUCINA CORDIAL,

For the sure and speedy cure of Incipient Consumption, Barrenness, Impotency, Lucorhœa or Whites, Gleet, Obstructed, difficult or painful Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system, no matter whether the result of inherent causes, or of causes produced by irregularity, illness, or accident.

The wide-spread celebrity of this wonderful and inestimable cordial in both hemispheres is a sufficient guarantee for its quick and positive success in curing all the above affections and compliants. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude before taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness or looseness of the female frame, which is the only cause of barrenness; and which, prior to Dr. Magnin's discovery was considered to be incurable. And it speedily removes the impediments produced by physical prostration, which frequently deter men from getting married. Language indeed, cannot do justice to the merits of the Lucina Cordial, which is regarded by the heads of the faculty in all parts of the world as one of the most important medical discoveries of any age.

For sale at 129 Liberty street, N. Y. by the American Agent, J. W. Holderwell.

Take notice—The name LUCINA CORDIAL. is stamp raised in the glass of each bottle.

TYLER'S AGUE AND FEVER PILLS.

A certain, safe and effectual cure for Ague & Fever, in all its varied forms. Also, an excellent Tonic in Dyspepsia, Palpitation of the Heart, Loss of Appetite, Neuralgia, Nervous and other diseases, which arise from a weak debilitated condition of the system.

"Having for several years past suffered under repeated attacks of Chills and Fever, especially during the fall and spring months, I was induced to try various remedies, but nothing seemed to be effectual until I tried Dr. Tyler's Ague and Fever Pills, which stopped the chill before I had taken half of the box. This was over a year since, and I have remained perfectly free from any symptoms of a return of this most loathsome disease. GEORGE M. WAIT.
Baltimore, Dec. 12th, 1843.

PETERS' VEGETABLE PILLS DO INDEED PURIFY THE BLOOD,

but it is by purifying the chyle, bile, and all other fluids, from which blood is generated. In all cases of dyspepsia, cholic, jaundice, flatulence, heartburn, diseases peculiar to females, diarrhœa—in short, in all complaints or affections of the stomach, liver, or intestines, they will effect a cure *where all other medicines have failed.* Of this we have ample proofs to exhibit to all who whish to investigate them.

The unparalleled reputation which Peters' Pills have acquired as a *Medical Restorative*, is the most unquestionable proof that can be given of their immense importance to the afflicted of almost every class of diseases. The number of letters received from patients recovered through their means, is really prodigious, and the complaints they have cured are almost as varied as they are numerous.

Extract of a letter from Dr. Pye, of Quebec, L. C., March 6, 1837.

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La. October 9, 1837.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume that on an average, I prescribe a hundred boxes a month."

Extract of a letter by Dr. Hopson, of Bangor, Maine, January 9, 1838.

"They are a peculiarly mild, yet efficient purgative medicine; and produce little, if any, griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers."

Extract of a letter by Dr. Joseph Williams of Burlington, Vt. July 9, 1837

"I cordially recommend Peters' Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the diseases of the digestive organs." For sale by

CLEMENS' INDIAN TONIC,—Infallible cure for Chills, or Ague and Fever, and a sure remedy in Bilious, Remittent, and other Fevers.—This invaluable medicine is purely vegetable. The unexampled success of this truly *unrivalled* Tonic, in curing, in a few hours, where all other remedies have failed, and that, too, in cases of from six months to ten years' standing—warrants the assertion, that, if taken according to the directions, it is infallible. A long list of certificates in proof of its infallibility, might be added; but those upon the wrapper are deemed sufficient.

It is not in the least nauseating, nor does it operate upon the bowels; but its salutary action upon the whole system is so charming, that every one is highly delighted at their speedy recovery to health. Such a remedy, the afflicted have long been in want of; one that cures speedily and permanently, where the usual caution to improper exposure is observed.

From the great popularity of this medicine, many imitations, professing to be CLEMENS' INDIAN TONIC, are afloat. Therefore, be sure to ask for that prepared by Geo. W. House, Nashville, Tenn., who is the sole proprietor.

CAUTION.—To prevent fraud, observe upon the Directions upon the bottle, the written signature of GEO. W. HOUSE. Also, moulded in the bottle an Indian, with the words, "Clemens' Indian Tonic, prepared by Geo. W. House." All others are counfeit. For sale by

Mrs. James Bett's Uterine Supporter,
For the relief and cure of Procidentia and Prolapsus Uteri.

A CAUTION—Mrs Betts, having seen various imitations and counterfeits, cautions the profession against imposition by substituting other inventions for those of her own make, and which are destitute of all the important requirements of her supporter. Those made at Mrs. Betts' establishment, have her written signature enclosed in a circular of letter press, and those not having it may be recognised as spurious.

TESTIMONIALS.

From Prof. S. Jackson, M. D., of the University of Pennsylvania.

"The Abdominal and Perineal Supporters, made by Mrs. Betts, of this city, I can recommend to the medical profession and to others after several years' experience of their use.

"These instruments are adapted to remedy the inconveniences depending on a sinking down of the uterus, and its compression, from the incumbent weight of the abdominal viscera, pressing into the pelvis, from a relaxation of the abdominal muscles. In this state of the organ, exercise is attended with so much pain and other suffering as to be difficult or impossible.

"Mrs. Betts is a lady of intelligence, education, probity and excellent manners; the greatest confidence can be placed in her." February 26, 1842.

From T. D. Mutter, M. D. of Jefferson Medical College, Philadelphia

"MY DEAR MADAM,—It affords me much pleasure to state that I have repeatedly employed your supporter in prolapsus uteri, and with the most decided benefit. I have no question of its value as a remedy for the complaint for the relief of which it has been invented." December 11, 1842.

From Wm Harris, M. D., Lecturer on Obstetrics in the Philadelphia Medical Institute.

"One of the worst cases I have ever seen was completely cured by the Supporter, in a little more than a year, and some less formidable have been relieved in from three to six months. I recommend this instrument cordially to the medical profession, believing it to be one of the greatest improvements of modern times." February 24, 1842.

BALTIMORE, April 11, 1844.

"I have carefully examined the application of the 'uterine supporter' invented by Mrs. Betts, and find in it every thing to praise and nothing to blame—Ten ladies of this city, who have made use of it at my suggestion, have found it quite comfortable, and superior to those made in Paris or in this country, and it is with pleasure that I approve of its application in all cases of uterine prolapsus.

"P. CHATARD, Senr., M. D."

Clinique at the College of Physicians and Surgeons, New York, by Prof. Gilmen, April 22, 1842.

"Professor Gilman condemned, in toto, the use of the pessary, and recommended the Supporter introduced by Mrs. Betts."

From Sam'l M'Clellan, M D. Philadelphia.

"I have found Mrs. Betts' supporter the very best instrument of the kind I have ever yet met with in the whole of my professional experience.

"I have recommended it, and will continue to do so, as the most successful of its class in cases of uterine displacements. Make reference to me as to its merits." Philadelphia, May 5, 1843.
