Complete Alabama appointment notice in column 3, listing the attorney general and five circuit judges. Other State Concerns reports and the rest of the newspaper page are not transcribed.

AI-assisted transcription visually checked by Codex against the selected passage; no independent human proofread. Paragraph/verse wrapping, capitalization of headings, quotation marks and punctuation regularized for reading. This is a reading transcription, not a diplomatic facsimile. The scan remains authoritative. The middle initial in Henry Y. Webb is transcribed as printed; it is not silently changed to a biographical spelling.
